Yeast Best With Iron

The reason IRONIZED YEAST brings such splendid results is because it contains a specially cultured medicinal yeast which is unequalled for its richness in the essential Water Soluble B vitamines. Also contains the correct amount of the two other vitamines—Fat Soluble A and Water Soluble C—which are equally important to health, yet lacking in the modern diet. Vitamines bring fine results even if taken alone—but when taken with a proper amount of casely assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just healt like usual time!
